I am submitting comments to express:	**Support for a project**
Please provide your comments in the text box below:	**As a community member of the Highlands Addition, we all have been desperate for reliable high-speed internet. Upload / Download demand has been constantly rising and current providers don't have the necessary infrastructure to adequately support the demand. We pay for speeds for which our current ISP has trouble meeting, especially in peak times. Having to work from home during the pandemic was a headache for me, especially when it came to handling large file transfers between my house and my place of work. We have family in the Kansas City area with a fiber connection and I am amazed at the speeds they are getting. I may live in rural Kansas but our need and demand for adequate speeds is no different than my family in the Kansas City area. Having a fiber connection would be a game-changer for our neighborhood. Please support this grant. Thank you so much for your time and consideration.**
