

LOSE YOUR JOB DUE TO FOREIGN TRADE?

Trade Adjustment Assistance (TAA) is available to assist workers experiencing job loss due to US Foreign Trade. Loss of employment could be a result of increased imports, a shift in operations to foreign countries or a shift in the supply chain.

The United States Department of Labor (USDOL) identifies eligible worker groups within a certified petition.

The program provides workers within a certified petition, opportunities to obtain the skills, credentials, resources and support needed to become reemployed.
