

COMCAST EXTENDS COMPREHENSIVE COVID-19 RESPONSE POLICIES TO JUNE 30

Continues Commitment to No Disconnects or Late Fees, Keeping Business and Outdoor Xfinity WiFi Hotspots Open Nationally for Free, Giving Customers Unlimited Data, and 60 Days of Free Access for Low-Income Families through Internet Essentials

PHILADELPHIA – April 27, 2020 – As shelter in place continues to be the norm and schools remain closed across the country, Comcast announced today it will extend its commitments for Xfinity customers through June 30 to help ensure students can finish out the school year from home and remain connected to the internet during the COVID-19 crisis.

Originally announced on March 13, Comcast made the following commitments that will now be extended into the summer:

- **No Disconnects and Waiving Late Fees:** We will not disconnect a customer's Xfinity Internet, Xfinity Mobile, or Xfinity Voice service, and we will waive late fees if they contact us and let us know that they can't pay their bills during this period. Our care teams are available to offer flexible payment options or help find other solutions.
- **Xfinity WiFi Free for Everyone:** Xfinity WiFi hotspots in business and outdoor locations across the country will be available to anyone who needs them for free – including non-Xfinity Internet subscribers. For a map of Xfinity WiFi hotspots, visit www.xfinity.com/wifi.
- **Pausing Our Data Plan:** With so many people working and educating from home, we want our customers to access the internet without thinking about data plans. While the vast majority of our customers do not come close to using 1TB of data in a month, we are pausing our data plans to give all customers unlimited data for no additional charge.
- **Internet Essentials:** Internet Essentials is the nation's largest and most comprehensive broadband adoption program. We are extending our offer of 60 days of complimentary service for new customers through June 30. Internet Essentials is normally available to all qualified low-income households for \$9.95/month. For more information, visit www.internetessentials.com.

"These extended measures will continue to keep Americans safe and ensure that households are equipped for students to learn and stay informed at home as the nation copes with this unprecedented disruption to our daily lives," said Dave Watson, Comcast Cable Chief Executive Officer. "Our services have never been more important, and we're doing everything we can to keep people connected to the internet."

About Comcast

Comcast Corporation (Nasdaq: CMCSA) is a global media and technology company with three primary businesses: Comcast Cable, NBCUniversal, and Sky. Comcast Cable is one of the United States' largest high-speed internet, video, and phone providers to residential customers under the Xfinity brand, and also provides these services to businesses. It also provides wireless and security and automation services to residential customers under the Xfinity brand. NBCUniversal is global and operates news, entertainment

and sports cable networks, the NBC and Telemundo broadcast networks, television production operations, television station groups, Universal Pictures, and Universal Parks and Resorts. Sky is one of Europe's leading media and entertainment companies, connecting customers to a broad range of video content through its pay television services. It also provides communications services, including residential high-speed internet, phone, and wireless services. Sky operates the Sky News broadcast network and sports and entertainment networks, produces original content, and has exclusive content rights. Visit www.comcastcorporation.com for more information.
