Community Facilities and Services Grants

The Community Development Block Grant (CDBG) program will hold one funding competition in this funding category.

The Community Facilities and Services category will utilize approximately 45 percent of the annual allocation. The CDBG Community Facilities and Services competition will consist of, but not be limited to: fire protection, bridge replacement, community/senior centers, streets, architectural barrier removal, natural gas system improvement, electrical system improvement, public service activities and public not-for-profit entities. For a full list of eligible activities please refer to the General Application Requirements. The funding ceiling for a Community Facilities and Services grant is \$2,000 per beneficiary. Bridge projects will have the \$2,000 per beneficiary apply to each bridge. Applicants may apply for a single activity project. Construction manager projects are not allowable due to lack of free and open competition during the bidding process.

Category	Beneficiaries		Minimum Match Funds
Community Facilities and Services: Category 1	Any Population		
	Minimum	Maximum	
		\$50,000	\$350,000
Community Facilities and Services: Categories 2, 3 and 4	Beneficiaries		
	< 5,000	> 5,000	Match Funds
	\$600,000	\$750,000	25%

To determine the grant amount, multiply the number of beneficiaries by \$2,000, up to the maximum allowed.

Applicants will use the Community Facilities and Services application forms as a guide for their online application. All CDBG rules and regulations apply to this funding competition.

Applications for Community Facilities and Services funding grants will be accepted through **October 29, 2021**. Award announcements will be made on or about **January 19, 2022**.

There are four different project subcategories that will be awarded under the Community Facilities and Services category. Please see above chart for funding specifics.

1. Recreation – Includes but is not limited to parks, splash pads, ball fields and playground equipment
2. Streets, sidewalks, bridges, trails
3. Buildings – Fire station, library, community center, storm shelters
4. Services – gas, electrical, fire trucks, broadband, demolition, day care, emergency alert systems

Applications for demolition normally address the elimination of slums and/or blight national objective unless replacement is planned, then it must be for the replacement activity. Fundable applications would include efforts made to identify the structures to be demolished; to have obtained permission from the property owners to demolish the structure(s); to have initial approval from the State Historical Society regarding the demolition of the proposed structures, i.e., the

possibility of making the project work and have conducted an asbestos inspection. (Residential demolition inspection fees are limited to \$500. The minimum and maximum amount spent for demolition must be reasonable.) For commercial demolition, a cost estimate must be obtained from an architect or engineer for the application budget and included in the application, which must address asbestos. An engineer/architect must be hired for any commercial demolition.

Need	60
Documentation of the need – 35 points	
Project alternatives – 10 points	
Past efforts to address need – 10 points	
Project Readiness – 5 points	
Leverage.....	20
Local Effort.....	20
Total.....	100

Ten points will be subtracted from any application received that fails to include any item on the Application Checklist or fails to meet a correctible threshold item. (See threshold requirements in the General Application Requirements.)

Communities who have not been awarded a CDBG grant in the Annual Competition within the last five years in Housing, Community Facilities and Services or Water and Sewer will receive 10 bonus points on their application rating.

Ten bonus points for including other private funding sources such as foundations (not bonds or state and federal agencies). At least 10 percent of local match needs to come from private sources to receive the 10 bonus points.

Project Need points will stay at 60 points but up to 5 of those will be for letters of support.

Need (60 Points) following:

Project Need (35 Points)

Applicants must state their need, the cause of the problem, how long the problem has existed and how the problem affects the community. Applicants must also document the urgency of the problem and what state/federal regulations are being violated, if any. The more an applicant documents a need in actual terms and figures, the stronger the application. The applicant must explain the importance of this project need as compared to total community needs.

Project Alternatives (10 Points)

Applicants will be required to summarize all the alternative solutions that were examined to address the need above. **This must also include a financial analysis** of all the proposed solutions. **Failure to include financial alternatives will result in point deductions.**

Applicants will also be required to document all sources of funding for the project. The applicant must state the solution it has chosen and the reasoning behind the choice. Describe any acquisition activities completed or required for the project.

Scope of Work: Describe the project (number of blocks of streets, square footage of buildings, etc.), including the project completion time frame, activities, project costs and costs per person benefiting. Describe separately the activities covered by the CDBG monies. Discuss any force account construction labor and equipment proposed and basis of cost estimate for it. Provide a timeline of critical benchmarks in the total project.

Past Efforts to Address Need (10 Points)

Applicants must describe all of the past efforts from the previous five years they have made to address the community’s overall needs. This includes the proposed project and all other city activities, i.e., street improvements, water/sewer improvements, senior center, health department, ADA, etc. State your community’s utility rates as affected by the project as well as a summary of changes in rates over the past five years.

Project Readiness (5 Points)

Applicants must describe the degree to which the applicant is ready to proceed with the project. Has the applicant pre-selected the professional services it will need? In the event land must be procured, does the applicant have ownership of the land or an “option to purchase” the land? Proof must be attached to receive points. Finally, provide an explanation and documentation of leverage commitments. Points will be all or nothing. Are there any environmental concerns that would delay the project?

Bonds are not required to be sold to be eligible, but commitment for purchase must be “in hand” for any issues other than private market. Bond ordinances must be passed, published and proof thereof included in the application.

Leverage (20 Points) A minimum match of 25 percent is required.

No project will be funded by CDBG without a local investment. No 100 percent grants from all sources are allowed. Local investment must be for more than administration. A 25 percent match is required. Up to 10 percent of the required 25 percent local match may be in-kind or volunteer labor.

Example 1: Community – Applying for \$100,000 CDBG, Leverage = \$120,000

Leverage points = 20

Example 2: Community – Applying for \$100,000 CDBG, Leverage = \$75,000

Leverage points = $\$100,000/\$75,000 = 75 \%$, $75 \% \times 20 \text{ points} = 15 \text{ points}$

No project will be funded by CDBG without a local investment. No 100 percent grants from all sources are allowed. Local investment must be for more than administration. A 25 percent match is required. Up to 10 percent of the required 25 percent local match may be in-kind or volunteer labor.

NOTE: Only cash, in house engineering/architectural service, force account construction labor and equipment and the appraised value of privately donated land may be used for leverage. The donated land must have been appraised by a certified appraiser and a review appraiser to document the value. Force account construction labor and equipment is determined by estimating number of hours to be worked and multiplying by employee’s current hourly wage, and the dollar amount must be in the resolution or letters by the party providing the labor and equipment. The applicant will be held to the amount of cash pledged, represented by the estimate. Only cash on hand on the date of application will count as match when the applicant is using tax credits. To count, leverage dollars must be in writing by source of funding and dollar amount.

Local Effort (20 Points)

Five points will be awarded based on total indebtedness (minus industrial revenue bonds) of the entity divided by the total population of the applicant.

The higher the resulting number is, the higher the points to be awarded.

Five points will be awarded based on assessed tangible valuation (defined as all personal and real property) divided by the total population of the applicant.

The lower the resulting number is, the higher the points to be awarded.

Five points will be given based on the ranking of individual LMI percentages in the pool (the higher the percentage, the higher the points), and five points will be given based on the total number of LMI beneficiaries reported by each applicant. The higher the number of beneficiaries, the higher the points.

Incomplete Applications (Negative 10 Points)

If an incomplete application is submitted for funding consideration, 10 points will be deducted from the score total. An application is considered incomplete when a required signature is missing, required form(s) are left out of the application or the forms are incomplete.

Specifications for Preliminary Engineering/Architectural Report

CDBG-assisted **community facility projects** must be reviewed by a licensed professional engineer or architect, unless the project is for a vehicle or piece of equipment (i.e.: storm siren, fire truck, residential only demolition). The review will consist of a preliminary report sufficient in scope to analyze the need, determine the most appropriate solution alternatives, provide estimated construction and non-construction costs and recommend the required level of funds for operation and maintenance of the facility, if applicable. Failure to submit the required preliminary report is a threshold item. An engineer/architect must be hired for any commercial building demolition

The Preliminary Engineering Report/architectural reports must be uploaded directly to the online application.

At a minimum, the following must be addressed in the preliminary engineering/architectural report:

1. Name of the applicant or owner of the facility.
2. Name, address, telephone number of the engineering/architectural company.
3. Date of review.
4. Description and documentation of the problem.
5. Cause(s) of the problem, including the age of any existing publicly owned facility(ies).
6. Discussion of the alternatives – Several alternatives should be considered to determine feasibility and cost-effectiveness, with justification of the alternative selected. The alternatives must be listed.

7. Estimated construction and non-construction costs. Cost per square foot is not an acceptable architectural estimate. Costs must be broken out for the specific structure.
8. **If the scope of the report includes more activities than the proposed CDBG project, clearly identify the CDBG portion in narratives and cost estimates.**
9. Analysis of operation, maintenance and replacement budget.
10. Land requirements – Identify sites and easements required. Also specify whether these properties are currently owned, to be acquired or leased. **Must attach proof to receive credit.**
11. If you do a building renovation or demolition, asbestos must be addressed.

NOTE: USDA Rural Development’s Preliminary Engineering Report will meet the requirements of Commerce/CDBG if all items CDBG requires are included in the report. An incomplete or inadequate Preliminary Engineering Report can result in the application losing 10 points.

NOTE: If a vendor is used to supply a cost estimate, said vendor cannot bid on the work if the applicant receives a grant award.

Threshold Requirements

Before the application will be scored and ranked, it must meet the following threshold requirements.

1. The application must be received within the application period, which ends on October 29, 2021 for Community Facilities and Services.
2. Only complete standard application forms will be accepted.
3. The proposed activity for CDBG funding must be an eligible activity under Section 105(a) of Title I of the Housing and Community Development Act of 1974, as amended, and meet one of the National Objectives discussed herein.
4. The applicant must be eligible.
5. Preliminary engineering or architectural report must be included, if applicable. The report shall address the items included in the section herein discussing such requirement.
6. Survey, if applicable, must have a minimum of 51 percent LMI responding. LMI documentation must be correct, as discussed herein. Persons must be 51 percent LMI. If the survey conducted is to challenge census data and there is more than six percent variance between the two, an explanation of the difference must be provided. An explanation, survey forms, tabulation form and details of methodology must be included in the application.
7. Funding Limits: See page 1.

8. The public hearing notice must be published at least five full days before (starting one day after publication date and not counting the date of the hearing, i.e. a total of seven days) but not more than 20 days prior to the public hearing. The public hearing must occur a minimum of 15 days but not more than 120 days prior to the application due date.
9. Absence of required interlocal agreements shall be considered a threshold criterion.
10. Construction Management Contracts are not allowable under Kansas CDBG regulations because of free and open competition for bidders.
11. Two maps: (1) Target Area Map, (2) City map if different from target.

Should any document be missing, incorrect or otherwise have deficiencies that would cause the project to be thresholded or not rated, contact will be made with the applicant after the applications are initially reviewed. The applicant will be given two weeks from notification to correct the deficiency, but 10 points will be deducted from the final score. Threshold items such as inadequate amount of time for public hearing, public hearing not having required information or public hearing too late would not be correctable and the application will not be scored.

The purpose of this allowance of additional time is in no way intended to give extra time for the purpose of obtaining commitment from other sources, removing contingencies or finishing the details of the application.

The Application Summary pages and Forms A – F are provided as guidance for communities to assist them with gathering information prior to the grant application submission. These forms will be built directly into the grant application as form fill options and will not be uploaded.

All other required documentation will be uploaded and will have an upload option next to the criteria in the application.

Ten points will be deducted from the applicants' total score if the applicant fails to include any necessary item(s) in the application. Applicant should refer to the Application Checklist, Application Summary Form Instructions and Threshold Requirements to ensure that no necessary item is missed.

Application Summary Form Instructions

1. Applicant – The legal name and complete address of applicant, including name of chief elected official. DUNS # - To receive a city/county DUNS # please go to: <http://fedgov.dnb.com/webform>.
2. Sub recipient – For “on behalf of” applications, include all requested information.
3. Application Preparer – The name, address, city, telephone number, fax number and email address.
4. Citizen Participation – See General Application Requirements to assure accurate and complete citizen participation requirements are met.
5. Project Type – Select only the one being applied for in this application.
6. Project Description – Provide a brief summary of the proposed project.
7. Proposed Funding – The applicant must list the amount of CDBG funds requested, the funds to be supplied by all other sources, local cash and a total of the project funding.

Funds from other sources must be committed and have documentation attached specifying dollar amount and source.
8. Project Benefit – Identify the number of persons benefiting from project; indicate the number of LMI persons benefiting; calculate percentage. Must be filled out by all applicants, even slum/blight activities. Must match Form D.
9. Method of Determining LMI – Applicants addressing the national objective of benefit to low- and moderate-income persons must complete this item.
10. State and U.S. legislators should be completed.
11. Self-Explanatory
12. Self-Explanatory
13. By signing the Statement of Assurances and Certifications, the chief elected official is also agreeing that this application and attachments are part of the agreement between the applicant and the state and that they are accurate.
14. Submit a completed Determination of Level of Review to include a proper project description.

Form A – Community Needs Form

The applicant should discuss the prioritized community needs of its jurisdiction, including how these needs were determined and if they have been formalized in any document. This is not just the needs of the project, but of the applicant as a whole. Must include housing needs.

Form B – Project Budget Form

The project budget form shows the total amount of funds required for a proposed project and the sources of these funds by activity.

Form C – Local Effort

Indebtedness – The applicant (city or county) must submit the Statement of Indebtedness and Statement of Conditional Lease, Lease Purchase and Certificate of Participation from their local approved budget or equivalent that lists all debts of the applicant. This is for the most current year available. Even if debts are zero, the forms are required.

Form D – Public Facilities LMI Benefit

Civil Rights Information (all applications) – Must be completed for all applications. Census or survey data may be used, whichever way you qualified the project. If the project serves more or less than the population of the applicant, b.), “Total Persons to be Served by Project,” must also be completed.

Form E – Public Facilities Narratives

Must be completed for all Community Facilities and Services applications. Be as specific and detailed as possible.

Form F – Pre-Selection of Professional Services Contractors

If the applicant has pre-selected either the engineer, administrator or architect for this project, this section must be completed. Failure to follow the correct procedures could result in disallowance of these services to be paid with CDBG funds.

Numbers must match Application Summary, #1 population and #8 persons benefitting from project.

Form E – Public Facilities Narrative for Community Facilities and Services:

On a separate sheet of paper, discuss as specifically and briefly as possible the following items. Please number and identify each item as it is listed. (Do not include this page in your application.)

1. Project Need (35 Points)

Applicants must state their need, the cause of the need, how long the need has existed and its impact on the community. Applicants must further document if any state or federal regulations are being violated. Careful attention must be placed on the documentation of need in terms of frequency of issues, and all associated costs. **Describe why this need is greater than any other needs currently facing the community as described on Form A of this application.**

2. Project Alternatives (10 Points)

- a. Alternatives: Applicants must summarize all the alternative solutions that were examined to address the need above. Applicants must provide a financial analysis of the alternatives, and discuss the reasons behind its choice from among the alternative solutions. Failure to discuss financial alternatives will result in point deductions.
- b. Scope of Work: Describe in detail the entire project in terms of number of blocks of paved streets, size and composition of fire station or community center, etc. Application must include all project timelines, activities and project costs. Describe separately the activities that will be paid for using CDBG funds.
- c. Discuss any force account construction labor, volunteer labor and equipment proposed and the basis of the cost estimate.

3. Past Efforts to Address Need (10 Points)

Applicants must discuss their efforts within the last five years to address community needs. This includes the proposed project and other city utilities such as street repairs, fire station improvements, purchase of new ambulances or fire trucks, park renovations, etc. Also, discuss the utility rates as they affect the project and any changes in rates for the past five years.

4. Project Readiness (5 Points)

Applicants must discuss the degree to which they are ready to proceed with the project, if funded. If needed, does the applicant have an option to purchase a tract of land?

Must provide proof in application. Has the applicant pre-selected its professional services, i.e. engineers, architects and administrators and is a contract signed? In the case of demolition projects, does the applicant have owner permission to demolish a property and has asbestos clearance been checked?

If any local, state or federal commitments have been made to this project, briefly describe. Indicate the name of the contact person and attach a letter of commitment showing the amount awarded, for what activities and date of award. If General Obligation Bonds are involved, give date and result of election approving the issuance

of the bonds. Specify the nature of any necessary action or funding which will be needed prior to the project moving forward once awarded.

5. Discuss the long-range financing of the Operations and Maintenance of the project, include:
 - a. Cost estimate and funding sources.
 - b. Resolution by governing body must be attached.
6. Provide a timeline for critical benchmarks of the project.
7. To what extent will this project meet all of the needs of the system?

Form F – Pre-Selection of Professional Services Contractors:

Type of Service	Firm Name/Person	Proposed Cost	Source of Funds	Date of Selection	Date of Contract
1. Eng. Design					
2. Eng. Inspection					
3. Arch. Design					
4. Arch. Inspection					
5. Administration					

If any of the above services have been pre-selected, complete the following for each service selected to date:

- a.) Number of proposals received for
- 1.) _____
- 2.) _____
- 3.) _____
- 4.) _____
- 5.) _____
- b.) Basis of selection documented? Yes No
- c.) Non-selected firms notified in writing? Yes No
- d.) If only one proposal was received on any of the above, has Commerce been notified? Yes No
 If so, please attach approval. Must be done by application deadline to be counted.

STATEMENT OF ASSURANCES AND CERTIFICATIONS

The applicant hereby assures and certifies with respect to the grant that:

- (1) It possesses legal authority to make a grant submission and to execute a community development and housing program.
- (2) Its governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the grantee to submit the final statement, all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the grantee to act in connection with the submission of the final statement and to provide such additional information as may be required.
- (3) Prior to submission of its application to Commerce, the grantee has met the citizen participation requirements, prepared its application of community development objectives and projected use of funds, and made the application available to the public, as required by Section 104(a)(2) of the Housing and Community Development Act of 1974, as amended, and implemented at 24 CFR 570.486.
- (4) It has developed its final statement (application) of projected use of funds so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight; the final statement (application) of projected use of funds may also include activities that the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available.
- (5) Its chief executive officer or other officer of the grantee approved by Commerce:
 - (a) Consents to assume the status of a responsible federal official under the National Environmental Policy Act of 1969 and other provisions of federal law as specified in 24 CFR 58.1(a);
 - (b) Is authorized and consents on behalf of the grantee and himself/herself to accept the jurisdiction of the federal courts for the purpose of enforcement of his/her responsibilities as such an official; and
- (6) The grant will be conducted and administered in compliance with the following federal and state regulations (see Appendix A: Applicable Laws and Regulations):

- (a) Title VI of the Civil Rights Act of 1964 (Pub. L. 88-352), and implementing regulations issued at 24 CFR Part 1;
- (b) Fair Housing Amendments Act of 1988, as amended, administering all programs and activities relating to housing and community development in a manner to affirmatively further fair housing; and will take action to affirmatively further fair housing in the sale or rental of housing, the financing of housing, and the provision of brokerage services;
- (c) Section 109 of the Housing and Community Development Act of 1974, as amended; and the regulations issued pursuant thereto (24 CFR Section 570.602);
- (d) Section 3 of the Housing and Urban Development Act of 1968, as amended; and implementing regulations at 24 CFR Part 135;
- (e) Executive Order 11246, as amended by Executive Orders 11375 and 12086 and implementing regulations issued at 41 CFR Chapter 60;
- (f) Executive Order 11063, as amended by Executive Order 12259 and implementing regulations at 24 CFR Part 107;

Form HUD-2880 (3/13)

(Minimum required by all applicants for funding – must be submitted with application)

**Residential Anti-displacement and Relocation Assistance Plan
under Section 104(d) of the
Housing and Community Development Act of 1974, as Amended**

The jurisdiction will replace all occupied and vacant occupiable low- and moderate-income dwelling units demolished or converted to a use other than as low- moderate-income housing as a direct result of activities assisted with funds provided under the Housing and Community Development Act of 1974, as amended, as described in 24 CFR Part 570.488.

All replacement housing will be provided within three years of the commencement of the demolition or rehabilitation relating to conversion. Before obligating or expending funds that will directly result in such demolition or conversion, the [jurisdiction] will make public and submit to the Kansas Department of Commerce the following information in writing:

1. A description of the proposed assisted activity;
2. The general location on a map and approximate number of dwelling units by size (number of bedrooms) that will be demolished or converted to a use other than as low- and moderate-income dwelling units as a direct result of the assisted activity;
3. A time schedule for the commencement and completion of the demolition or conversion;
4. The general location on a map and approximate number of dwelling units by size (number of bedrooms) that will be provided as Section 104(d) replacement dwelling units;
5. The source of funding and a time schedule for the provision of Section 104(d) replacement dwelling units; and
6. The basis for concluding that each Section 104 (d) replacement dwelling unit will remain a low- and moderate-income dwelling unit for at least ten years from the date of initial occupancy.

The jurisdiction will provide relocation assistance, as described in Section 570.488 to each low- and moderate-income household displaced by the demolition of housing or by the conversion of a low- and moderate-income dwelling to another use as a direct result of assisted activities.

Consistent with the goals and objectives of activities assisted under the act, the jurisdiction will take the following steps to minimize the displacement of persons from their homes:

Based on initial review of project, the following occupied dwellings (by address) will be demolished with grant funds (should contain proposed demolitions):

As chief official of the jurisdiction, I hereby certify that the above plan was officially adopted by the jurisdiction of _____ on the _____ day of _____, _____.
