This is a mostly a general comment rather than a specific one.

It looks like there is some geographical overlap. Where there is geographical overlap I would love to see competitive bidding processes.

Concerning Midco and Baldwin City I would like to see assurances that the original isp as mentioned in the lju is not put out of business by a subsidized install effort.

**Please provide supporting documentation to support your comments. Concerns related to overbuilds should include explicit data such as Census block and address specific data. Submit multiple files as a single ZIP file.**
