I am submitting comments to express:

**Concerns regarding a project**

I am sharing concerns about the project:

**Proposes to serve an area that already has service**

Please provide your comments in the text box below:

**Eagle Broadband Investments, LLC dba Vyve Broadband currently has a fiber PON located in the core of Atwood, KS that provides symmetrical gigabit service to homes and businesses. Please find attached a shapefile of our existing service footprint, a point shapefile indicating served locations, as well as photographed speed tests evidencing our current level of service. We believe that the use of grant funds towards applicant's project would result in considerable overbuilding. In addition, Vyve has separately submitted a grant application to extend this fiber PON to the remaining ~70% of the town. Given our existing infrastructure, our project would be very cost-effective and could be completed comparatively quickly. Please reach out to us should you have any questions or concerns.**

Upload supporting documentation - multiple files should be submitted as a .ZIP file.
