<b>Original Submission</b>	09/28/2022
----------------------------	------------

Please provide your name:	<b>Susan Nuss</b>
Please provide your address:	<b>920 W Highway St Jetmore KS 67854-9033</b>
Please provide a phone number:	<b>+16203939001</b>
Please provide your email address:	<b>admin@blackdragonnetworks.com</b>
I am providing response comments related to the following application (choose one):	<b>BlackDragon_Hodgemannorth</b>
I am responding to the concern that this project:	<b>Proposes to serve an area that already has service</b>
Please describe:	<b>United Wireless Communications Inc already provides service within the proposed service area. Several of the anchor institutions are already served with United Fiber service.</b>

Please provide your response to the public comments received in the text box below:

**The proposed Blackdragon Networks, LLC service area extends north of Jetmore, KS and into rural Hodgeman County. This area is not yet served by United Telecom's coax cable network. The project extends fiber infrastructure into northern Hodgeman County and provides a backbone service to support many technologies in the future. The project path must start from a place where Blackdragon Networks, already has service on the south side of Jetmore, and it must go through Jetmore to access the homes and businesses along US Highway 283.**
