I would like to express my support in Nex-Tech receiving the grant for the community of Oberlin. Without reliable, quality internet to the community, the community will die. It is needed to attract the younger generation, and people who work from home. We have some citizens that have moved here and work remotely, and have had a some trouble recently with their service being down. This is unacceptable if we are to grow. Please grant Nex-Tech the grant to install broadband internet service.

Upload supporting documentation - multiple files should be submitted as a .ZIP file.
