Please provide your comments in the text box below:

As a business owner of a nationally recognized manufacturer of trailers, I would strongly recommend approval of this grant. Our current internet provider has limited bandwidth and recently we were unable to upgrade our business phone system to VOIP because the service was too slow. We would like to incorporate Skype or Zoom into our dealer meetings, but again, the current technology limits our efforts.

If you want business in rural Kansas to succeed, we need the same service levels as those in Wichita and Topeka.

Upload supporting documentation - multiple files should be submitted as a .ZIP file.
