Please provide your email address:	rhoffman@wheatstate.com
I am providing response comments related to the following application (choose one):	WST_OXFORD RURAL
I am responding to the concern that this project:	Proposes service to an area in which construction is already underway
Please describe:	Area WST applied for shows unserved. It is a rural area with few subscribers but has multiple farms and home businesses.

Please provide your response to the public comments received in the text box below:

The area named WST_OXFORD RURAL was where WST proposed to build a fiber to the home system and currently shows unserved. WST currently has FTTH in the area to the west and the north. This area has a river on the east. Our company will offer speeds of up to GIG/GIG when completed with the capability to increase to 10 GIG in the future with very minimal electronics changes. We have received multiple request from residents of the proposed area for our FTTH service.

Please provide supporting documents relative to your comments. Please submit multiple files as a ZIP file.
