We have Nexus Air which is better internet than we have had before but not acceptable for the future. ATT Fiber stopped at 179th and Donahoo Road. It didn't come down 179th to Leavenworth Road. I have tried to call ATT but they said we are not in their service area. We are 2 houses away. I have talked to an ATT engineer. They said they have a box set up for over 200 houses but only are servicing 20. We are 3 miles from Basehor, Kansas and less than 30 miles for downtown Kansas City. We should have fiber internet in our area. They put the fiber down a road that only serviced one house??? That would be on Donahoo road from County Road 5 to 187th St., but they didn't come down 179th from Donahoo to Leavenworth Road where there are approximately 20 houses. This doesn't make any sense to me. I am hoping something can be done about this to have our homes served. I am a teacher and my husband works from home. We need high speed fiber internet at our home. Thank you for looking into this.

Upload supporting documentation - multiple files should be submitted as a .ZIP file.
