To Whom It May Concern:

I am pleased to recommend Dino O'Dell to Young Audiences Affiliates interested in securing his original and engaging programming.

Arts for Learning Virginia actively sought him out following the 2015 YA National Conference, "Building Partnerships through Community Connections," in Kansas City, Missouri. Dino has now been an artist with Arts for Learning Virginia for several years and maintains several programs on our roster. He is a true educator and an accomplished musician. His ability to reach students of different ages and across multiple socioeconomic levels is a testament to his personality and dedication to education through the arts. For example, over the course of the COVID-19 pandemic, our organization worked with Dino to ensure digital programming was available to students in Virginia.

Not only has Dino's programming been enjoyed by every school in which we have placed him to perform, but our staff truly enjoys working with him. Dino continues to be a valuable member of our roster, and it is with pleasure that I express my sincere recommendation.

Sincerely,

*Anna L. Green*
