I think it's great. I've really dropped in wage since moving here. Having very slow internet speeds, internet that goes down a lot, and internet that drops off when we're further than 2 rooms away from the router has caused a lot of problems with my work. Even with a signal booster, we can't even use our smart TVs because the signal is weak and the internet is slow. We had fiber living in KC and also in Colorado. We never experienced these problems. Miami County NEEDS fiber! Anyone who works online at home in Miami County NEEDS fiber. I'm about to start a really good new job. These fiber projects can't happen fast enough. Bring it on!
