I am providing response comments related to the following application (choose one):	Brightspeed_Sumner
I am responding to the concern that this project:	Proposes to serve an area that already has service
Please describe:	Nextlink's challenge is that they presently provide service in Sumner County

Please provide your response to the public comments received in the text box below:

Nextlink’s challenge to Brightspeed Sumner regards an existing level of service being present in Sumner County. Nextlink has failed to satisfy the state’s requirement that evidence must include information beyond FCC data for an area to be considered served, since Nextlink has not substantiated their assertion with any documentation (e.g., speed tests indicating that the claimed speeds, are, in fact, available). We would like to highlight that this Brightspeed Sumner challenge only provides unsubstantiated commentary claiming service.

Please provide supporting documents relative to your comments. Please submit multiple files as a ZIP file.
