Please provide your email address:	<b>caiken@team.nxlink.com</b>
I am providing response comments related to the following application (choose one):	<b>AMGTechnology_Kansas_Project_South_1</b>
I am responding to the concern that this project:	<b>Proposes to serve an area likely to be served without grant funds because plans area in place to serve this area, although construction has not yet begun</b>
Please describe:	<b>0188 - Cox Communications</b>
Please provide your response to the public comments received in the text box below:	<b>Nextlink is generally willing to work with both the KOBD and service provider that submitted comments, but would require more robust boundary maps to adjust the project in question. Nextlink's ultimate goal is to ensure quality service to all Kansans who are currently underserved, and we cannot see who would be served by a challenge without boundaries. Once a dialogue is opened between Nextlink, the KOBD, and the associate provider including detailed boundary mapping, Nextlink is potentially willing to adjust the proposed projects accordingly.</b>

Please provide supporting documents relative to your comments. Please submit multiple files as a ZIP file.
