**We live at the end of Flint Street, just south of Highway 68. We are just inside this proposal's boundary. My wife runs an accounting business out of our home and my office job became a home-office job when Covid hit. MoKan DSL is lucky to get us 10/1 Mbps and charges nearly \$100/mo for it. All other options involve data caps or sketchy wireless connections. Data caps wouldn't last a week in our household and intermittent connections make it nearly impossible to work. We would be beyond grateful for approval of the Charter - Miami County 3 application.**

Upload supporting documentation - multiple files should be submitted as a .ZIP file.
