Please provide your comments in the text box below:

**The City of Coffeyville currently provides fiber internet for our autism clinic that is located on the edge of town. When looking into options, they were incredibly limited and expensive. The City's fiber internet has been affordable, fast, and reliable for us, which is essential for our use of EHR and billing systems. Without our fiber internet, we would be unable to provide the level of services that we do to our clients that have autism and other intellectual/developmental disabilities.**

Upload supporting documentation - multiple files should be submitted as a .ZIP file.
