Are you responding on behalf of an organization?	<b>Yes</b>
Please provide the name of the organization and address for which you are submitting comments:	<b>Haviland Broadband</b>
Which of the following best describes you? (Check all that apply)	<b>Internet provider in proposed service area</b>

I am providing comments related to the following application (comments must be filed individually for each project):

**Cox Communications\_Barber Kingman Kiowa Pratt G20**

I am submitting comments to express:

**Concerns regarding a project**

I am sharing concerns about the project:

**Proposes to serve an area that already has service**  
**Proposes service to an area in which construction is already underway**  
**Proposes to serve an area likley to be served without grant funds because plans are in place to serve this area, although construction has not yet begun**

Please provide your comments in the text box below:

**Haviland Telephone Co., Inc., dba Haviland Broadband, contests Cox Application #20 on the grounds that a majority of the proposed areas already have 1G offerings over fiber, 100/20 speed offerings over VDSL, or are likely to be served through another grant award.**

- **The town of Haviland is served by fiber, with placement completed this year and cutovers in progress. Project specific support includes an invoice from RVW for FTTH inspection services in Haviland.**
- **The towns of Coats, Sawyer, Isabel and Nashville are served by Haviland Broadband with 100/20 VDSL in their entirety.**
- **An area serving rural Coats and Sawyer is being considered for grant funding from another agency. Details provided within support documentation uploads.**

**For all areas where Haviland claims service for 100/20 or greater, we have included as support address-based retail offerings from our website, a list of locations currently subscribing to speeds of 100/20 or greater, sample billing statements, and recently certified FCC Broadband Data Collection polygons/filings.**

Upload supporting documentation - multiple files should be submitted as a .ZIP file.
