

Title	0043	09/29/2022
	by Jim Jamison in Capital Projects Fund (CPF) Broadband Infrastructure Program: Phase Two Applicant Response Form	id. 32500367
	220 SE 6th Avenue Topeka, Kansas 66603 United States (210) 667-8417 james.d.jamison@att.com	

Original Submission	09/29/2022
----------------------------	------------

Please provide your name:	James Jamison
Please provide your address:	220 SE 6th Ave. Topeka KS 66603 US
Please provide a phone number:	+12106678417
Please provide your email address:	james.d.jamison@att.com
I am providing response comments related to the following application (choose one):	AT&T Barton
I am responding to the concern that this project:	Proposes service to an area in which construction is already underway Proposes to serve an area likely to be served without grant funds because plans area in place to serve this area, although construction has not yet begun
Please describe:	In Challenge 221, Nex-Tech states that it provides service in parts of the proposed service area

Please provide your response to the public comments received in the text box below:

FCC Form 477 broadband availability data from June 2021 shows no providers reporting upload speeds of at least 100 Mbps (screen capture of FCC map dated Sept. 26, 2022, attached). To the extent that Nex-Tech's claims that it provides symmetrical gigabit service can be substantiated for all service addresses, AT&T acknowledges these addresses should not be awarded funding.

Please provide supporting documents relative to your comments. Please submit multiple files as a ZIP file.
