| Please provide name: | Carlee Parker |
| Please provide your address: | 111 Old Mill Ln Buhler KS 67522 US |
| Please provide your phone number: | +16208996519 |
| Please provide your email contact: | cparker@ideatek.com |
| Are you responding on behalf of an organization? | Yes |
| Please provide the name of the organization and address for which you are submitting comments: | IdeaTek - 111 Old Mill Ln Buhler KS |
| Which of the following best describes you? (Check all that apply) | Internet provider in proposed service area |

I am providing comments related to the following application (comments must be filed individually for each project):

Cox Communications_Ford G22

I am submitting comments to express:

Concerns regarding a project

I am sharing concerns about the project:

Proposes to serve an area that already has service

Please provide your comments in the text box below:

Premises in the proposed service area in this application have already been served by gigabit FTTH under the Kansas CERG grants in 2020. There are already many customers connected and receiving gigabit speeds on the new network and it speaks to the lack of community focus and research being done that these locations were proposed for funding.

If Cox Communications was even remotely engaged with the city of Ford, which it has proposed to overbuild with this grant application, it would have easily identified that the community is well-served with fiber optic gigabit-speed infrastructure. Cox's complete lack of community engagement should be enough in itself to not award this grant.

Please see the CARES funding map as well as the attached supporting documentation.

Upload supporting documentation - multiple files should be submitted as a .ZIP file.
