**As a homeowner at Lake Wabaunsee, I currently have no internet service that is available + affordable. Cellphone service is very spotty in this area, and I literally have to be "on the lake in our boat" OR "standing in the middle of the street" to have any cell service at all. This causes much concern for the safety and well-being of our family and guests. If there is a medical emergency, a person literally has to search for a place to get enough service to call out - which is something that is not plausible in an emergency situation. Also, being able to just make or receive calls from inside our home is non-existent, even with a cellphone booster - again causing concern for emergency situations. Having broadband/fiber would be a stable, internet/cellphone connection that we would welcome!!!**

Upload supporting documentation - multiple files should be submitted as a .ZIP file.
