----------------------------	------------

Please provide your name:	James Jamison
Please provide your address:	220 SE 6th Ave Topeka, KS 66603 Topeka Kansas 66603 US
Please provide a phone number:	+12106678417
Please provide your email address:	james.d.jamison@att.com
I am providing response comments related to the following application (choose one):	AT&T Butler-Sedgwick
I am responding to the concern that this project:	Proposes to serve an area that already has service
Please describe:	In challenge 0156, AMG Technology Kansas (dba Nextlink) states that it currently provides speeds up to 100/20 in the project area.

Please provide your response to the public comments received in the text box below:	<p>The Kansas Office of Broadband Development defines underserved areas as those without 100/100 Mbps service. AT&T can deliver reliable symmetrical, fiber speeds of at least 1 GB to Butler County residents in the proposed project area to better serve present and future connectivity needs.</p> <p>Symmetrical speeds provide an overall faster internet experience by enabling quicker uploads and more efficient two-way communications than asymmetric internet connections. This means a stronger connection to handle bandwidth-heavy, two-way apps for things like uploading large files while working remotely.</p>
Please provide supporting documents relative to your comments. Please submit multiple files as a ZIP file.	n/a

By submitting this form for public comment and evidence to support your comment, you are accepting responsibility for the accuracy of the information submitted and that it is true and correct to the best of your knowledge. You agree to be contacted by the Kansas Office of Broadband Development, Kansas Department of Commerce should the need arise. Furthermore, by making this submission, you understand that Kansas Department of Commerce and the Office of Broadband Development reserve the right to publicly publish your comment and evidence provided.
