Please provide your comments in the text box below:

**Broadband is very important to rural areas in Rush County. There is not enough internet speed to support working from home whether the individual is a student or remote work for an employee. Rush County board of commissioners feel it is important that all individuals in the county have the opportunity to have equal internet benefits whether they are in town or rural areas. During elections, Rush County has only one polling location that has enough speed capabilities to be able to monitor check-ins and any other issues. We have three other polling locations that are unable to do so.**

Upload supporting documentation - multiple files should be submitted as a .ZIP file.
