## Support for a project

Please provide your comments in the text box below:

**We desperately need faster internet service for our area. As business owners who relying on the internet to do part our job, it is vital that we have faster internet. It is so time consuming to try and work with slow speed. Currently we frequently have to wait for things to load in order to complete our work. Our time is important as well. Why should we not have the same opportunity that others have just because we live in a rural area? Thank you**
