## Support for a project

Please provide your comments in the text box below:

**In reference to this project, we are located in Rush County, 2 miles north of LaCrosse. We are in an area that has very limited internet services. We along with others in the area supply crops for America. It is very important for us to be able to communicate at the same level as the larger communities. The president of the United States has said several times that all rural citizens will have internet access. The rural areas NEED internet services similar to what the larger communities have. We appreciate your time and efforts to support this project. Larry Rodie, 2477 Highway 183, LaCrosse, KS 67548.**

Upload supporting documentation - multiple files should be submitted as a .ZIP file.
