Original Submission 09/29/2022

Please provide your name: **James Jamison**

Please provide your address: **220 SE 6TH AVE
TOPEKA
Kansas
66603
US**

Please provide a phone number: **+12106678417**

Please provide your email address: **james.d.jamison@att.com**

I am providing response comments related to the following application (choose one): **AT&T Franklin**

I am responding to the concern that this project: **Proposes to serve an area that already has service**

Please describe: **In challenge 0103, Eagle Broadband Investments, LLC dba Vyve Broadband, states that it provides broadband internet service to the City of Ottawa at speeds exceeding 100 Mbps down and 20 Mbps up, with gigabit service available to almost the entire proposed area.**

Please provide your response to the public comments received in the text box below:

FCC Form 477 broadband availability data from June 2021 shows no providers reporting upload speeds of at least 100 Mbps in Franklin County (screen capture of FCC map dated Sept. 26, 2022 attached). To the extent that Vyve Broadband's claims that it provides symmetrical gigabit service can be substantiated for all service addresses, AT&T acknowledges these addresses should not be awarded funding.

Please provide supporting documents relative to your comments. Please submit multiple files as a ZIP file.
