Please Describe:

Proposed Overlap -

Please provide your comments in the text box below:

This proposed service area appears to overlap in full with part of IdeaTek's proposed CPF service area. We believe the overlap indicates a serious need for investment where there is an obvious lack of broadband accessibility. However, in this case, we believe Ideatek's specific application to be a broader, more encompassing application with significant community and stakeholder support.

Upload supporting documentation - multiple files should be submitted as a .ZIP file.
