| Please provide your email address: | james.d.jamison@att.com |
| I am providing response comments related to the following application (choose one): | AT&T Sedgwick |
| I am responding to the concern that this project: | Proposes to serve an area that already has service |
| Please describe: | In challenge 0232, AMG Technology Kansas (dba Nextlink) states that it has been awarded federal funds through the CAF and RDOF reverse auctions to serve the proposed project area with service at a minimum level of 100/20. |

| | |
|---|--|
| Please provide your response to the public comments received in the text box below: | An examination of maps provided by Nextlink identifies little area of overlap between customer locations to be served by Nextlink and customer locations in the area proposed to be served by AT&T. The Kansas Office of Broadband Development should work with both parties to resolve the small amount of overlap to achieve service in the proposed areas. |
