Concerns regarding a project

I am sharing concerns about the project:

Proposes to serve an area likley to be served without grant funds because plans are in place to serve this area, although construction has not yet begun

Please provide your comments in the text box below:

KanOkla is proposing an area that is already in IdeaTek's build pipeline and will be built with private dollars in the next 18 months. We expect construction of gigabit+ speed fiber to start in the next 3 months. Additionally, the applicant proposed area south of Halstead is already served by a backbone fiber which we expect to use for expansion of our fiber coverage area. It would not be appropriate to allocate the already oversubscribed CPF funds to an area that can and will be serviced by IdeaTek, in an unsubsidized manner.

Upload supporting documentation - multiple files should be submitted as a .ZIP file.
