I am providing comments related to the following application (comments must be filed individually for each project):

## KwiKom\_Montgomery County

I am submitting comments to express:

### Support for a project

Please provide your comments in the text box below:

**We are in desperate need of faster more reliable internet in our community at a reasonable cost to our citizens of Cherryvale Kansas. With the recent outbreak of covid that hit our county it shown the lack of infrastructure when it came to internet for our children in the community. The amount of families that did not have home internet because they could not afford it, or was not available to them was astonishing. in today information society children need the internet for school and home work, parents and other adults need internet for work, and to shop for goods and services. With todays tectological services it also provides a since of security to be able to monitor their homes, and services for 911.**

Upload supporting documentation - multiple files should be submitted as a .ZIP file.
