Original Submission	08/09/2022
----------------------------	------------

Please provide your name:	Mike Hoskins
Please provide your address:	23774 Old Kansas City Road Spring Hill Kansas 66083 US
Please provide your phone number:	+19138001102
Please provide your email contact:	mikehoskins@gmail.com
Are you responding on behalf of an organization?	No
Which of the following best describes you? (Check all that apply)	Resident in proposed service area
I am providing comments related to the following application (choose one):	Mokan Dial - Hillsdale-West Bucyrus
I am submitting comments to express:	Support for a project

Please provide your comments in the text box below:

Please register my full support of the Moka Dial - Hillsdale-West Bucyrus application.

We live in a very underserved portion of Miami County, KS with no access to the minimum acceptable broadband speed: 100 Mbps down / 20 Mbps up.

My maximum available wired Internet speed is 10 Mbps down / 1.5 Mbps up - Centurylink DSL. Centurylink, in turn, has periods of multi-day Internet disruptions. I have experienced a four-day outage myself, and had several additional multi-day outages.

I have left CenturyLink and am now using a fixed wireless service, but it also does not have 100/20 access available at all, plus there are charges for excess usage.

My family and I need a much improved Internet service but we cannot find an adequate one. I work from home and my children have remote schooling (homeschooling and college). I have a hard time using Zoom, Microsoft Teams, WebEx, Google Meet, plus other services for the videoconferencing my company requires. The VPN is also unreliable on the current service I use.

We also use YouTube and other streaming services but have issues with data overage charges.

I have been looking for different Internet services for the past 10.5 years that we have lived here. Our neighbors are in the same boat as we are. Nobody in our area on CenturyLink or even wireless has anything close to 100/20.

(I would like this to be marked proprietary/private, please.)

Thank you for your time and consideration!

Upload supporting documentation - multiple files should be submitted as a .ZIP file.
