"Alex and Andrea Polzin of A&A Sign writing are a dream to work with from concept to completion! I have had the pleasure of working with Alex and Andrea on multiple projects and found them to be professional yet easy-going, able to translate contrasting ideas from multiple sources into a cohesive design, hard-working, honest, reliable, and fun! I recommend A&A for any project that comes across my desk, and have heard nothing but positive feedback."

"I couldn't be more pleased with the work done by Alex and Andrea! Not only did they meet, but exceeded our expectations. Their work is of the highest quality. Their attention to detail is unmatched and their artistry is truly the finest. Not only was their work outstanding but their care as well. They communicated beautifully and in a timely matter. When it came time for the project, we met as strangers and left as friends. I could not give a higher review! Thank you AA Sign!!! You truly are the BEST!! With all our gratitude."

"I have had the pleasure of working with Andrea and Alex Polzin on a number of projects. Their passion for their craft is evident in their knowledge and professionalism. They have created dozens of murals around the state of Kansas and beyond. They are innovative, creative, and inclusive. I am in full support of their inclusion on the state's Artist Roster. "
