## Original Submission 08/05/2023

Please provide name	<b>Steve Kibbee</b>
Please provide address (Not required)	<b>2315 New South Wales Ct Katy TX 77450</b>
Please provide email	<b>skibbee@gmail.com</b>
Please provide phone number (not required)	<b>+17134162205</b>
Are you responding on behalf of an organization?	<b>No</b>
Organizational affiliation (If applicable)	n/a

The Kansas Office of Broadband Development (KOBD) is in the process of developing its BEAD Initial Proposal as required by the NTIA. This initial plan is divided into Volume 1 and Volume 2. Volume 1 includes initial identification of unserved and underserved locations, definition of community anchor institutions, proposed pre-challenge process location modifications, and the model challenge process. Please use this link to review the entire Initial Proposal Volume 1 document, and feedback on Volume 1 will be captured in the text boxes below. The comment portal will be open from August 1, 2023 through August 30, 2023. KOBD will then review all feedback and submit the Initial Proposal to the NTIA. To access a full copy of Volume 1 of the BEAD Initial Proposal along with accompanying documents, please use the links below:

I am responding to comments related to the following Volume 1 requirements

**Requirement 5: Identification of existing unserved and underserved broadband locations**

Comments relating to Requirement 5: Identification of existing unserved and underserved broadband locations

**I am 72 years old and still own my boyhood home at 9675 Cedar Creek Road in DeSoto Kansas 66018 as a second home. I have been trying to buy a broadband landline for years for security and remote work. My farm house is within about 1 mile of highspeed internet, but it would cost several thousand dollars to pay for the broadband tie in...I can't afford to pay that much. I want to participate in any program that would help me access affordable high speed internet. My main residence now is Katy, Texas but I visit DeSoto frequently.**
