

ADOPT PUBLIC Wi-Fi TECHNICAL PROJECT SUMMARY TEMPLATE

ORGANIZATION:

PROJECT NAME:

1. Please provide a technical overview and scope of the project that clearly demonstrates preliminary plan completion, outlines a comprehensive understanding of the project and a solution capable of addressing the need. Please include identification of vendor equipment and maximum speed supported by the architecture.

2. In terms of Wi-Fi Equipment installation, please explain why this area was chosen for the project and is unlikely to be served without grant funding.

3. Include an explanation of factors contributing to the overall cost of the project.

4. Include a service description of the free public Wi-Fi service, including latency the project is intended to provide.

5. Describe the maximum speed supported and speed coverage within the public serving area. If 100/20 Mbps is not able to be provided, provide justification why it is not possible (required).
