

Census Block Group(s) containing the Challenged Locations	Challenge Submitted By	Challenged Provider	Type of Challenge	Total Number of Locations Challenged	Summary Description of Challenge	Rebuttal Received (Yes/No)
200910503014	EducationSuperHighway	Charter Communications Inc	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
200450008023	EducationSuperHighway	Midco	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
201730027002	EducationSuperHighway	Nextlink	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
200910532012	EducationSuperHighway	AT&T Inc	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201730043011	EducationSuperHighway	Cox Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
200910503014	EducationSuperHighway	T-Mobile US	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
200910519071	EducationSuperHighway	VERIZON	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201730043011	EducationSuperHighway	Nextlink	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
200910535021	EducationSuperHighway	T-Mobile US	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
200910523082	EducationSuperHighway	T-Mobile US	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
201730043021	EducationSuperHighway	Cox Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
201730043021	EducationSuperHighway	Cox Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes

200910535062	EducationSuperHighway	Google Fiber	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
201919625002	EducationSuperHighway	T-Mobile US	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
201730027002	EducationSuperHighway	Cox Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
200910535022	EducationSuperHighway	Google Fiber	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
201770019003	EducationSuperHighway	Giant Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201610008022	EducationSuperHighway	WTC	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
200910519071	EducationSuperHighway	AT&T Inc	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201770024011	EducationSuperHighway	Giant Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
202090440013	EducationSuperHighway	Google Fiber	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
202090445001	EducationSuperHighway	Google Fiber	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201770024011	EducationSuperHighway	Giant Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
200610006012	EducationSuperHighway	T-Mobile US	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
200910503014	EducationSuperHighway	Charter Communications Inc	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	

202090429005	EducationSuperHighway	Google Fiber	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201770004002	EducationSuperHighway	AT&T Inc	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201770016031	EducationSuperHighway	Giant Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201770026011	EducationSuperHighway	Giant Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201730043011	EducationSuperHighway	Cox Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
202090423002	EducationSuperHighway	Google Fiber	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
200910529084	EducationSuperHighway	AT&T Inc	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201770016032	EducationSuperHighway	Cox Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
201759657001	EducationSuperHighway	T-Mobile US	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201770016032	EducationSuperHighway	Giant Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
200410844004	EducationSuperHighway	UNITED STATES CELLULAR CORPORATION	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
200910523083	EducationSuperHighway	Google Fiber	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201770026013	EducationSuperHighway	Giant Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	

201770040003	EducationSuperHighway	Giant Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201730108022	EducationSuperHighway	Cox Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
201610007002	EducationSuperHighway	WTC	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
200450008021	EducationSuperHighway	AT&T Inc	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201770026011	EducationSuperHighway	Giant Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201610011011	EducationSuperHighway	T-Mobile US	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
201730108022	EducationSuperHighway	Cox Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
201770016031	EducationSuperHighway	Giant Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
200910523082	EducationSuperHighway	AT&T Inc	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
200910503014	EducationSuperHighway	Charter Communications Inc	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201730103025	EducationSuperHighway	T-Mobile US	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201030701001	EducationSuperHighway	T-Mobile US	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201730043021	EducationSuperHighway	AT&T Inc	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	

201770005001	EducationSuperHighway	Giant Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201610011011	EducationSuperHighway	WTC	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
201730043021	EducationSuperHighway	Cox Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
201730009001	EducationSuperHighway	Cox Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201730043011	EducationSuperHighway	T-Mobile US	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
201730040002	EducationSuperHighway	Cox Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
200450010021	EducationSuperHighway	AT&T Inc	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
200050817021	EducationSuperHighway	T-Mobile US	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
202090402001	EducationSuperHighway	Google Fiber	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
200910529051	EducationSuperHighway	Google Fiber	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201030701001	EducationSuperHighway	T-Mobile US	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
200910518084	EducationSuperHighway	T-Mobile US	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
200910535022	EducationSuperHighway	T-Mobile US	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes

202090428002	EducationSuperHighway	Google Fiber	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
200450010021	EducationSuperHighway	AT&T Inc	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201730040002	EducationSuperHighway	Cox Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
200910521011	EducationSuperHighway	T-Mobile US	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
200450002021	EducationSuperHighway	T-Mobile US	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201770016032	EducationSuperHighway	Giant Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201730108022	EducationSuperHighway	Cox Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
200450007971	EducationSuperHighway	AT&T Inc	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
200450007971	EducationSuperHighway	Mercury Broadband	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201770015001	EducationSuperHighway	Cox Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
201610007002	EducationSuperHighway	WTC	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
200379573002	EducationSuperHighway	AT&T Inc	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	
201730043011	EducationSuperHighway	Cox Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes

201610008022	EducationSuperHighway	Cox Communications	Availability	1	Challenger is disputing the Challenged Provider cannot provide qualified broadband service of 100/20 Mbps or greater at the location(s).	Yes
