Healthy, Safe, & Resilient Homes

2024 Funding Opportunities

HUD's Efforts to Mitigate the Impacts of Unhealthy Housing

- HUD's Lead Hazard Control and Healthy Homes programs help children and other vulnerable people, especially in low income and minority families
- HUD's programs have contributed substantially to reducing elevated blood lead level (EBLL) cases
- This work has proven cost benefits - each dollar invested in lead paint hazard control has been shown to result in a return of at least \$17, for a net savings of \$187 billion since the program began in 1993.
