Project Assurances

Please read through these carefully. If your project is selected, the following assurances must be agreed upon between the Kansas Department of Commerce and your organization. A written agreement will be entered into.

A. We understand that our credit authorization will end on December 31, 2025. Donations received after this date will not be eligible for tax credits. Expenses incurred prior to the award date, July 1, 2024, are not allowable expenses.

B. We understand that it is not necessary to establish a separate bank account for the project if the accounting system can track the receipt and expenditure of the Community Service Program donations. Twelve (12) months after the project closing date, any remaining funds will be placed in an escrow account established specifically for the project.

C. We agree that all non-cash and cash contributions shall be directly related and actually used for or as a part of the project. We will make financial records available to Commerce for spot auditing when given advance notice of at least five (5) days.

D. We understand that we will be able to make reasonable budget amendments, provided that the basic drive of the project remains the same. Such amendments will require the approval of our Board of Directors and Commerce.

E. We agree to cooperate with Commerce in reviewing and processing Tax Credit Applications in order to ensure donors a timely response.

F. When soliciting contributions, we agree to only allow tax credits for donations greater or equal to \$250. We agree not to promise credits in excess of the amount allocated by Commerce. We also agree not to promise credits for contributions unrelated to the approved project.

G. We understand that we are fully responsible for all fundraising and solicitation of support on behalf of our project. We further understand that Commerce reserves the right to reduce our credit allocation once we have reached the mid-point of our project period. If after thirty (30) days of notice, we cannot show evidence that our remaining credits will be utilized, Commerce will determine the amount of credit reduction.

H. We agree to notify all donors that Tax Credit Applications are to be submitted to Commerce on a quarterly basis. All tax credits need to be issued to the recipients no later than January 31st of the following year.

I. We agree to give Commerce proper acknowledgment in publicity related to the project. We will use the following acknowledgment: "Certain project costs have been supported by the Kansas Department of Commerce, Community Service Tax Credit Program."

J. We have designated and identified a Project Director and understand that all pertinent correspondence from Commerce will be addressed to him/her. We will notify Commerce (in writing) within thirty (30) days of any change in position.

K. We understand that we must attend a mandatory two-hour training seminar.

L. We understand quarterly reports are required for each calendar quarter that the project is open, and a final report will be required at the end of the project. Forms and detailed information will be provided at the training sessions for new awardees.

M. We understand continued approval is contingent upon satisfactory adherence to the assurances, and remaining in good standing with the Kansas Secretary of State. We understand that our project may be placed on probation or terminated by Commerce for failure to comply with any of these conditions.

Should our project receive approval, we hereby agree to accept an allocation of tax credits under the above terms and conditions. (required)

) Yes, we agree.

I hereby certify that the Board of Directors of the Applying Organization has reviewed this application and has authorized its submittal to the Community Service Program.
