

PROJECT BRIEF

ProjectName: Cloud County Community College Technical Education and Innovation Center

Grant Program: CC & TC

Project Date: Jul 2022 - Jun 2024

Project Summary

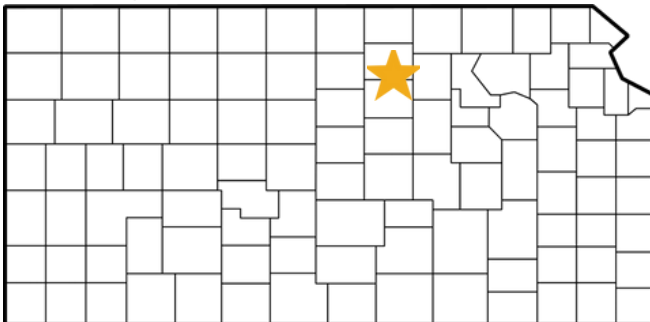

Cloud County Community College: A Leader in Post Secondary Education Cloud County Community College (CCCC) remains at the forefront of higher education. By utilizing funding, CCCC is constructing the Technical Education and Innovation Center, which will host programs in:

- Nursing
- Renewable Energy
- Agriculture
- Industrial Technology (including welding and CDL)

This new facility will enhance access to educational opportunities in these cutting-edge fields and boost workforce capacity in the region.

Location

Concordia, KS

Grantee Information

CloudCounty Community College (CCC) is a public institution located in Concordia and Junction City, Kansas, recognized as a Service Member Opportunity College (SMOC). CCC aims to equip students for successful lives while contributing to the local community's vitality. Notably, it hosts Kansas's first Wind Energy Technology program and utilizes both wind and geothermal energy to power parts of its campus electrical system.

Goals and Objectives

Goal: Increase access to post-secondary education in the renewable, allied health, nursing, agriculture and industrial technology fields.

Objective: Renovate and construct a new technical innovation and educational center.

Budget Overview

- Grant: \$4,000,000.00
- Match: \$4,000,000.00
- Total Budget: \$8,000,000.00

Expense Categories:

- McCownGordon Construction: \$8,000,000.00
 - (materials, permits and labor)

Target Population

The target population for this project includes those in the agricultural, allied health, nursing, renewable energy and transportation technology industry.

Sustainability

As Cloud County Community College continues to expand, it will attain sustainability through revenue generated from student enrollment within the agricultural, nursing, allied health, and renewable energy program, grants, and overall college income to support ongoing sustainability and maintenance.

Outcomes

Cloud County Community College wrapped up the construction of its brand-new, 35,000-square-foot Technical Education and Innovation Center in 2024. This state-of-the-art facility, valued at \$17 million, will accommodate the following programs:

- Nursing
- Renewable Energy
- Agriculture and Industrial Technology, which encompasses:
 - Welding
 - CDL (Commercial Driver's License) training Classes at the Center will commence in the Fall 2024 semester

Activities and Timeline

- **Q1 2023:** Project broke ground and began construction.
- **Q2 2023:** Project construction is 9% complete.
- **Q3 2023:** Project 50% complete and no expected delays with construction.
- **Q4 2024:** Grand opening and classes offered to students.
