

GRANTS GUIDE

Transforming communities in every region of Kansas

2026

KANSAS
COMMERCE

Fellow Kansans,

The Kansas Department of Commerce approaches economic development from a holistic perspective, because we know the state's continued prosperity depends on a variety of factors. Creating new jobs for Kansans by attracting new companies and helping existing businesses expand is just one part of the process. Equally important is ensuring we have enough workers for these positions and that our communities are appealing to live in.

Our aim is to bolster the quality of life on all fronts for all people who live here. Future generations are depending on us to take this charge seriously.

By supporting each city and county in Kansas, we're transforming the places Kansans call home and building a more resilient economy statewide.

Our goal is to foster strong urban, suburban and rural communities, but we know there is no "one-size-fits-all" approach that will get us there.

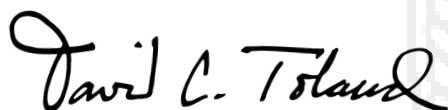

In recognition of this, Commerce offers a wide array of grants, programs and services to meet the needs of every region in Kansas – in a way that fits their vision and goals for growth.

This guide provides a list of financial support we offer to cities, counties and non-profits throughout the state. We want this guide to serve as a resource local leaders can use in their local development efforts.

As you read about our available grants and programs, I encourage you to reach out to our team with any questions you have about putting these resources to work for the future economic success of your communities – and Kansas.

Anchored by our exceptional economic strength, strong partnerships and commitment to innovation – we will continue our historic rise to new heights all across Kansas. And we'll continue to usher in a bright future for everyone who calls the Sunflower State "home."

Ad Astra Per Aspera,

David C. Toland
Lieutenant Governor & Secretary of Commerce

ACCEL-KS SBIR/STTR MATCHING PROGRAM (PHASES 0 & 1)

The SBIR/STTR Matching Program helps Kansas innovators, entrepreneurs and researchers compete and win in the national innovation arena.

This program provides early-stage funding and technical support to help Kansas-based businesses, innovators, entrepreneurs, and researchers compete for and leverage federal SBIR/STTR awards.

Funding is available through two tracks:

- Phase 0 – Proposal development assistance for Phase I SBIR/STTR submissions.
- Phase I – State matching funds for businesses awarded a federal SBIR/STTR Phase I grant.

The goal is to increase the number, quality and success rate of SBIR/STTR proposals from Kansas, accelerate the commercialization of innovative technologies, and strengthen the state's position in the national innovation economy.

BROADBAND ACCELERATION GRANT

The Broadband Acceleration Grant (BAG) program is critical in our plan to address broadband gaps statewide. Funds will be targeted to areas that are unlikely to receive broadband service without state or federal funding support.

Launched in 2020, the program is poised to invest \$85 million over 10 years toward bridging the digital divide in Kansas, thanks to broadband modernization funding provided through the Kansas Department of Transportation’s Eisenhower Legacy Transportation Program (IKE).

KOBD staff reviews broadband infrastructure during an industry partner site visit for a BAG 2.0 project in Harper County that was awarded to SC Telcom.

COMMUNITY DEVELOPMENT BLOCK GRANT

Rendering of a medium Blueprint to Build Community Center.

Blueprint to Build

The Blueprint to Build grant program is designed to make it easier and more affordable for small communities to build new public community centers. By offering pre-designed, modern and energy-efficient blueprints — already paid for with CDBG funds — cities can skip most of the costly design work and long planning timelines.

While some flexibility exists for additional features, major modifications are not allowed. Minor modifications to the approved design are permitted but must be funded by the applicant and approved by Commerce on a case-by-case basis.

Applicants can select from three different sizes, with optional features for a gym(s) and/or a pool.

GRANT DETAILS

COMMUNITY DEVELOPMENT BLOCK GRANT

Housing Rehabilitation & Demolition

This program provides funding to improve housing to benefit Low- to Moderate-Income (LMI) households within city limits. LMI eligibility is based on the owner’s household income or the tenant’s family income for rental units assisted. Funds are for housing rehabilitation and demolition within a city. Eligible expenses include:

- Single-family/owner-occupied, upper-story, or rental housing rehabilitation
- Demolition of vacant housing units and outbuildings on the same property
- For rental housing, the landlord must contribute a percentage of the rehabilitation cost of their unit(s) only. If the landlord’s household is LMI, they must contribute 15%; if non-LMI, the landlord must contribute 25%
- More rehabilitation projects must be completed than demolitions. Demolition-only activities are not permitted.

HISTORIC ECONOMIC ASSET LIFELINE GRANT

Realizing the need to rehabilitate downtown buildings with funding that can be disbursed quickly and efficiently, the Kansas Department of Commerce created the Historic Economic Asset Lifeline (HEAL) program. HEAL focuses on projects that show potential as economic drivers in Kansas communities.

The HEAL program is designed to bring downtown buildings back into productive use as spaces for:

- New or expanding businesses
- Housing
- Arts and culture
