☐

Applicant will undertake practices that will conserve, reuse, and replace water used in the operation of the Qualified Data Center, including, but not limited to

- Using water efficient fixtures and practices;

- Treating, infiltrating, and harvesting rainwater;
- Recirculating and recycling water before discharging;
- Partnering with state and local governmental entities and private individuals and entities to use discharged water for irrigation, water conservation or other beneficial purposes;
- Using reclaimed water when possible; and
- Supporting water restoration efforts in local watersheds

- ☐ Applicant will purchase electricity used in the operation of the Qualified Data Center from the public utility that is certified to provide retail electric service in the territory where the Qualified Data Center is located for 10 consecutive Calendar Years
- ☐ Applicant must attach proof of business registration and be in good standing with the Kansas Secretary of State
- ☐ Applicant must submit Form PR-70b, Request for Project Exemption Certificate to the Kansas Department of Revenue (EZ-PEC)
--Form may be found [HERE](#)
- ☐ Every applicant must undergo a comprehensive review by the Kansas Intelligence Fusion Center (KIFC), with final approval from the Fusion Center Oversight Board. This review evaluates the project's equipment, software, ownership structure, and operational purpose to ensure that it poses no undue risk to Kansas' critical infrastructure.

Qualifying Data Center firms may receive a 20 year Sales Tax Exemption for project related costs including land or site improvements, buildings data center equipment, lease payments, site characterization and assessment, engineering and design, labor services pertaining to the installation and maintenance of data center equipment, and purchases made by a contractor for the purpose of constructing or modifying a qualified data center.

Eligible data center costs does not include the cost of electricity nor property used in the administration of the qualified data center.

Program Guidelines may be found [HERE](#)

Upon approval by the Secretary of Commerce, the applicant must enter into a written agreement with the Department of Commerce meeting all terms and conditions of SB98.

A non-refundable application fee of \$1,000 is required and can be paid [HERE](#).
